*CAMİLERİMİZİ  
ALTIN ÇİNİ SÜSLÜYOR*

1982 yılında üretime başlayan Altın Çini, yaklaşık 10 asırdır varlığını sürdüren ata sanatımız çiniyi, geliştirmek, hak ettiği yere getirmek amacı ile kurulmuştur.

Bugün gelinen noktada dini ve sivil mimaride, gerek ülkemizde, gerekse dış ülkelerde bir çok esere imza atmıştır.

Özellikle camilerimizde mihrap, mimber, kürsü, müezzin mahfili ve duvar çinileri üretmekteyiz. Bu mekanlarda gerek el dekor gerekse seri üretim ile panolar, kuşak ayetler ve özel bölümlere kesimle desenler hazırlanıp uygulamaktayız.

Ürünlerimizde 20x20, 20x25, 20x40, 22,5x50, 25x33, 42x42 cm gibi farklı ölçüler kullanarak geniş mekanlarda okunan ferah desen uygulamaları yapmaktayız.

Yıllardır üretilmeyen dış cephe için her türlü iklim şartlarına dayanıklı 16. asır klasik İznik bünyesi (Taş bünye) çinileri başarı ile üretmekte ve uygulamaktayız

Tesislerimizde 20x20, 25x25, 30x30 cm ebatlarında üretilip aynı üslupta dekorlamaktayız

Bu katalogta ürünlerimizin ancak bir kısmını sunabildik.

Biz camiilerimizi hepimizin ortak malı olarak görmekte, “Allah’ın Evi ” bilmekteyiz

Bu düşüncelerle camilerimizi çini ile kaplarken, mekanları sıkmadan olması gereken estetik kaideleri de ön planda tutuyoruz.

Böylece dinimize ve ecdadımıza laik eserler verme gayretindeyiz

Altın Cini which was founded and started to production at 1982 years, has the aim of raising ancestors art that last for 10 centuries and demands to raise ancestor art to higher levels that deserving level.

At the point of today, Altın Cini signature can be seen for many works at the civil and religious architecture, either at our country, and either at the outland contries.

Especially Altın Cini produce altar. pulpit, lectern, muezin maksoorah and wall china tiles. For these places we produce whether hand made or serial protuction panels, belt verse of tiles and we prepare for spacial sections spacial culting desing applications.

At our products we are using different sizes as; 20x20, 20x25, 20x40, 22,5x50, 25x33, 25x40, 42x42, so at the large areas relieved desing applicated

We produce and apply standing to every weather conditon 16th century İznik structure (Stone structure body) for exterior front succesfully, that couldn't be producet for many years. At our foundation we produce and decorate with same style at the 20x20. 25x25, 30x30 cm. sizes.

Our point of view for the mosque is that places is all us and “Allah’s house ”.

With this opinion we are coating the mosque while regarding not to do undisturbing places an taking care of estetichal principle.

With these works we are endeavoring to deserve our ancestor and our religion.

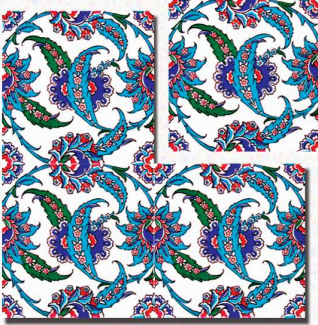

At this catalague we share a little part of or product. You can get furthermore and detailed information at our foundation or at or website.
